

ELIXIR OF YOUTH

TONING AND MOISTURIZING FACE SERUM FOR ALL SKIN TYPES.

A high concentration of hyaluronic acid, which, together with scleroglucan and betaine, gives the product an extremely velvety texture and guarantees a high level of hydration both on the surface and deep down. Camellia oil also provides a nourishing effect, while panthenol stimulates the skin's regenerative processes.

FRAGRANCE

CAMELLIA FRAGRANCE: floral-fruity.

METHOD OF USE

Use once needed.

INGREDIENTS

HYALURONIC ACID: a high molecular weight hyaluronic acid is used to form a protective film on the skin's surface, capable of retaining and binding water to the epidermis while simultaneously ensuring a velvety touch.

SCLEROGLUCAN: this is a polysaccharide produced by a fungus of the Sclerotium genus. In cosmetics, it serves a technical function as a stabilizer of emulsions and a regulator of the release of active ingredients. At the same time, thanks to its ability to absorb water, it forms a protective film that translates into increasing and maintaining skin hydration and improving the texture of products.

BETAINE: a highly hygroscopic molecule of natural extraction capable of retaining water deep within the skin's tissues, thus maintaining optimal hydration levels. It also has soothing and protective properties.

PANTHENOL: is the precursor of vitamin B5, a key element in many biochemical processes in the body and the skin, particularly where it has a soothing, anti-redness, and above all regenerating and re-epithelializing effect.

CAMELLIA OIL: rich in unsaturated fatty acids, it has notable moisturizing, protective, and emollient properties and a light, delicate texture.

VITAMIN E.

FREE FROM parabens, EDTA, petrolatum, silicones.

I.N.C.I.: Aqua, Betaine, Camellia oleifera seed oil*, Glycerin, Tocopherol, Panthenol, Sodium hyaluronate, Phenoxyethanol, Tetrasodium glutamate diacetate, Parfum, Sodium dehydroacetate, Scleroglucan, Acrylates/C10-30 alkyl acrylate crosspolymer, Benzoic acid, Dehydroacetic acid, Hexamethyl indanopyran, Ethylhexylglycerin, Tetramethyl acetyloctahydronaphthalenes, Geranyl acetate.

*From organic farming.

PACKAGING

30 ml Glass satin bottle, with pump dispenser.
